

## EnTox 2007 Inhaltsverzeichnis

**Poster**

**Donnerstag, 10. Mai 2007**

- 
- P I. 01      Blömeke, B.; Golka, K.; Griefahn, B.; Römer, H. C.  
Arylalkylamine N-acetyltransferase (AANAT) genotype as a personal trait in melatonin synthesis
- P I. 02      Bolt, H.M.; Golka, K.  
Occupational cancers related to 1,3-propane sultone
- P I. 03      Fritsch, A.; Schäfer, M.; Bolt, H.M.; Ickstadt, K.  
Including prior information in the analysis of SNP data with weighted Bayesian logic regression
- P I. 04      Geller, F.; Urfer, W.; Golka, K.  
Bladder cancer and occupational exposures in North Rhine-Westphalia, Germany
- P I. 05      Golka, K.; Schmidt, T.; Bolt H.M.; Selinski, S.  
The influence of glutathione S-transferase M1 and M3 on the development of bladder cancer
- P I. 06      Günzel, A.; Eckard, R.; Oganowski, M.; Dobler, L.; Kemper, F.H.; Wiesmüller, G. A.  
Internal exposure of lanthanides
- P I. 07      Harth, V.; Schäfer, M.; Abel, J.; Vetter, H.; Ko, Y.; Brüning, T.; Bolt, H.M.; Ickstadt, K.  
Head and neck squamous cell cancer and its association with polymorphic enzymes of xenobiotic metabolism and repair
- P I. 08      Heutelbeck, A.; Ahrens, T.; Schultz, T.; Bergmann, K.-Ch.; Hallier, E.  
Environmental exposure to allergens of different breeds of dog and their relevance in the allergological diagnostics
- P I. 09      Hoffmeyer, F.; Harth, V.; Merget, R.; Heinze, E.; Goldscheid, N.; Degens, P, Pesch, B.; Brüning, T.; Bünger, J.; Raulf-Heimsoth, M.  
Evaluation of a methodological setting for analysing exhaled breath condensate in an occupational field study
- P I. 10      Jung, K.; Stühler, K.; Meyer, H.E.; Stephan, C.  
Confidence intervals for the fold change of proteins in differential proteome studies

## EnTox 2007 Inhaltsverzeichnis

**Poster**

**Donnerstag, 10. Mai 2007**

- P I. 11      Kopps, S.; Angeli-Greaves, M.; Blaszkewicz, M., Prager, H.M.; Römer, H.C.; Löhlein, D.; Bolt, H.M.; Golka, K.  
Glutathione S-transferase P1 state in occupationally exposed bladder cancer cases
- P I. 12      Liebers, V.; Stubel, H.; Düser, M.; Brüning, T.; Raulf-Heimsoth, M.  
Standardization of whole blood assay for determination of pyrogenic activity in organic dust samples
- P I. 13      Raulf-Heimsoth, M.; Angerer, J.; Pesch, B.; Marczynski, B.; Hahn, J. U.; Spickenheuer, A.; Preuss, R.; Rühl, R.; Rode, P.; Brüning, T.  
Biological monitoring as a useful tool for the detection of coal-tar contamination in bitumen-exposed workers
- P I. 14      Rihs, H.P.; Werner, P.; Triebig, G.; Rabstein, S.; Heinze, E.; Pesch, B.; Brüning, T.  
Association study between genetic polymorphisms in styrene-metabolising enzymes and biomarkers in styrene-exposed workers
- P I. 15      Römer, H.C.; Weistenhöfer, W.; Löhlein, D.; Geller, F.; Blömeke, B., Golka, K.  
N-Acetyltransferase 1 in colon and rectal cancer cases from an industrialized area
- P I. 16      Taeger, D.; Krahn, U.; Wiethage, T.; Ickstadt, K.; Johnen, G.; Eisenmenger, A.; Wesch, H.; Brüning, T.; Pesch, B.  
Risk of lung cancer related to radon, quartz, and arsenic exposures in German uranium miners
- P I. 17      Weistenhöfer, W.; Blaszkewicz, M.; Bolt, H.M. ; Golka, K.  
N-Acetyltransferase 2 and medical history in bladder cancer cases surveyed for an occupational disease
- P I. 18      Witthöft, M.; Rist, F.; Bailer, J.  
Evidence for a specific link between the personality trait of absorption and Idiopathic Environmental Intolerance
- P I. 19      Wittsiepe, J.; Lemm, F.; Schrey, P.; Eberwein, G.; Wilhelm, M.  
PCDD/F, PCBb and organochlorine pesticides in human blood of pregnant women from Germany
- P I. 20      Zimmermann, A.; Blaszkewicz, M.; Seidel, T.; Roth, G.; Dietrich, H.; Schutchkow, O.; Bolt, H.M.; Golka, K.  
UDP-Glucuronosyltransferase 2B7 C<sub>802</sub>T (HIS<sub>268</sub>TYR) polymorphism in bladder cancer patients
